All yachts competing in the event may be moored free of charge at the Tiburon YC guest dock one night prior to the beginning of racing and one night after racing concludes. Please note the tide conditions as the entry to the harbor is shallow. There are two pilings to the South of the entrance. The channel is just to the north of the pilings. Entry should be avoided at mean low tide and entry to the harbor should be made by staying to the South (left) side. More information will be made available on the websites. There is no formal guest dock area and J105s should NOT attempt to tie up to the Club dock (it is too shallow). The guest dock berthing area will be located in the first fairway on the south side.
