Vs 1045 lb limit

ALTERNATES

A _____ (Replaces # _____ above)	_____	_____	_____
B _____ (Replaces # _____ above)	_____	_____	_____

Fleet #1 Article 11.1 (first 2 sentences)

The maximum crew weight (in swimming apparel) for one-design racing is 1045 lb., with no limit on number of crew. If he desires and without being weighed, a primary helmsman may accept a weight of 220 lb. toward the 1045 lb. maximum crew weight.

Weigh-In Guidelines (Approved by Excom 1/18/00)

- (1) It is the responsibility of each owner to ensure each crew is weighed in prior to the 1st race of a regatta that he/she sails. Exceptions under extenuating circumstances may be accepted but the crew must be weighed in ASAP after racing and NLT the deadline for filing protests as stated in the SSI's.
- (2) The Weigh-in Committee must protest a boat that: (a) races with a crew exceeding 1045 lb. or (b) does not follow these Weigh-In Guidelines.
